Arômes

Elisabeth BADENS

Elisabeth Badens graduated as a Chemical Engineer (E.N.S.P.I.C.A.M., nowadays Ecole Centrale Marseille) in Marseille where she made her doctor-engineer degree. She filed her habilitation in Chemical Engineering, as well at Aix Marseille University.

Professor Badens has been in charge of the group “Processes & Supercritical Fluids” of the Laboratory M2P2 (Mécanique, Modélisation et Procédés Propres), UMR CNRS 7340, from 2006 to 2020. She is President of the International Society for the Advancement of Supercritical Fluids (ISASF) since 2014. Besides, she is Chairman of the Franco-Chinese Research Center on Supercritical Fluid Technology applied to Vision Science since 2016.

In addition, she has joined the Journal of Supercritical Fluids as Associate Editor in 2018; she is working in close association with the Regional Editors for Europe.
